Charles Pimlott

Call 2001

'Charles is really excellent. He always rolls his sleeves up and is a great team player. I've used him on an adjudication with tight deadlines and he was fantastic to work with in that context. His drafting is very strong; great attention to detail and structuring of submissions. He is very reliable and accessible, and offers really sensible and pragmatic advice.'

pimlott@crownofficechambers.com

Charles Pimlott specialises in construction and energy disputes, professional negligence and commercial litigation.

Charles is recognised by *Chambers & Partners* and *The Legal 500* directories as a leading junior in the fields of Construction, Professional Negligence (Technology & Construction) and additionally in the field of International Arbitration by Chambers & Partners.

Construction & Engineering

Charles' cases have involved technical issues in civil, structural, mechanical and electrical engineering under a wide variety of standard form (notably, JCT, NEC, ICE, FIDIC) and bespoke contracts, often with large amounts of paperwork and involving difficult expert evidence of a highly scientific nature, and contested oral evidence. His work has ranged from domestic conversions to major construction and infrastructure projects and process plant design. He has experience of arbitration (both domestic and international) and adjudication, including in relation to applications for the enforcement of adjudication decisions. He is also a TECBAR accredited adjudicator and has been appointed as adjudicator in a number of adjudications.

Selected Cases

- Acting in a £multi-million claim concerning allegedly defective earthworks design of a major new road-building project in the UK.
- Acting in a £multi-million claim arising out of defects in the cladding and other aspects of a new University student residence block in the Midlands.
