Julian Field is a senior junior with a commercial practice encompassing property damage, insurance, product liability, contract and tort, commercial fraud and professional negligence.

He began his career at 1 Paper Buildings, which then merged with 2 Crown Office Row in 2000 to form Crown Office Chambers. His initial general common law practice soon developed into a more commercial practice and his core specialties are now property damage and insurance, areas in which he has a wealth of experience and is very highly regarded. He is regularly retained on behalf of major insurers, often involving large, complex and high value disputes. He has a reputation for being 'user friendly' and able to work as part of a team.

Julian is consistently ranked as a leading junior in the legal directories, attracting comments such as:

- *"As good as most silks, very easy to work with, very grounded and a go-to for difficult work."*
- *"Has a fantastic reputation for handling significant property damage cases"*
- *"Has a deep-tissue insight into insurance claims"*

In parallel with his practice at the Bar, Julian is also an experienced mediator, accredited with both CEDR (1998) and the ADR Group (2005)

Julian welcomes **public access** clients.

Property Damage

Property damage is one of Julian's core specialties. He is regularly instructed by leading firms acting on behalf of property or liability insurers in relation to substantial high value property damage claims following fires, floods, explosions, etc. Often these claims arise in the context of construction work and he is experienced in considering contractual obligations under JCT and other standard form building contracts. Julian has been retained in high profile property damage cases such as *Grenfell Tower* and *Buncefield*.

Adept at dealing with complex technical issues Julian was, for example, primarily responsible for Total's

case on its tank. The recent case of *Prezzo v High Point Estates* in which he successfully argued for a limited application of the principle in *Berni Inns* has attracted significant interest.

Selected Cases

- NMT Crane Hire v King Lifting – collapse of mobile tower crane at shopping centre in Reading.
- Prezzo v High Point Estates [2018] EWHC 1851 – £2m fire claim. Scope of the application of the principle in *Berni Inns*.
- Grenfell Tower disaster – instructed in relation to the refurbishment works, in particular the technical issues relating to the cladding and its compliance with contract specification and Building Regulations.
- The Hon. Edward & Mrs Iliffe v Feltham Construction, Affleck Mechanical Services, Docherty Chimney Group, Karl Callaway [2014] EWHC 2125 – £4.8m fire claim arising out of fire at recently constructed luxury timber house on private island in Poole harbour.
- AJK Woodflooring v Clipfine Construction – £2.4m fire claim arising out of fire at 21 Chesham Place during redevelopment of luxury apartments by the Candy brothers.
- Tomlinson, Tomlinson, Van Riel, Van Riel, Knight, White and White v Yorkshire Water Services Ltd, Costain Ltd and Transcore Ltd – landslip at Whitby, N Yorkshire destabilising terrace of properties higher up slope. Properties demolished. Multiple actions by owners claiming landslip due to Yorkshire Water's leaking sewers.
- Crestel Partnerships Ltd v Anglian Water Services Ltd – housing development construction site flooded by escape of water from Anglian Water's pipework and infrastructure.

- Rhodia (Albright & Wilson) v Biachem [2003] 2 All ER (Comm) 753 (House of Lords) – explosion at chemical plant. Contract – misdelivery of goods.

Insurance & Reinsurance

Insurance is another of Julian's core specialties. His insurance practice covers all aspects of non-marine insurance including coverage, misrepresentation, non-disclosure, unfair presentation of the risk, breach of warranty, breach of condition, insurable interest and subrogation. He is a specialist in fraudulent claims. He successfully represented AXA in the Court of Appeal in *AXA v Gottlieb*, a notable case on fraudulent claims and has produced a podcast for CPDcast on insurance fraud. Julian has also been a contributor to Westlaw's Insight on insurance.

The case of *Leeds Beckett v Travelers Insurance (2017)* in which Travelers successfully argued that damage was inevitable and therefore not accidental, has generated significant legal interest and has been widely commented upon.

Julian has been retained by a major insurer to advise on coverage issues arising out of the Covid-19 pandemic.

Selected Cases

- Re: Covid-19 – advising major insurer on coverage under its property damage and business interruption policies in respect of Covid-19 claims.
