Thaya's primary area of practice is construction law. He drafts various building and engineering contracts, advises on disputes arising from such contracts and appears as counsel to resolve these disputes. Thaya also sits as an adjudicator, arbitrator and mediator.

Thaya has drafted building and engineering contracts based on Malaysian standard forms, such as PWD and PAM, English standard forms, such as IChemE, JCT and NEC, and international standard forms, such as FIDIC. Thaya has also drafted bespoke contracts and was involved in drafting the pioneer Alliance Contract and Project Delivery Partner Agreement used in Malaysia. Thaya has been appointed to the Consultation Group for the Association of Consultant Architects, Kent, suite of Alliance Contracts, and the Expert Advisory Committee for the Asian International Arbitration Centre's Standard Form of Building Contracts.

Thaya has advised on disputes arising from several projects from their inception to completion. Major projects he is, or has been, involved in, include Merdeka 118, which is a 118 storey, 666 metre, mega tall skyscraper currently under construction in Kuala Lumpur; the Refinery and Integrated Petrochemical Development Project in Pengerang; the Mass Rapid Transit Kajang Line; the Light Rail Transit Ampang, Bandar Utama-Klang and Kelana Jaya Lines; the Malayan Railways East Coast Railway Line; various phases of the Electrified Double Track Project; and the two Penang Bridges, all in Malaysia; and the National Highway Development Project in India. Thaya has advised on projects throughout Asia and Europe. He has a particular interest in railway projects and has advised on every major Malaysian railway project during his years in practice.

Thaya has appeared as counsel in several domestic and international arbitrations governed by the AIAC, ICC, PAM and UNCITRAL rules. He also appears as counsel in the High Court of Malaya and the appellate courts of Malaysia in relation to construction disputes. The judgements in some of the cases he has appeared in have been published in the law reports.

Thaya regularly acts as counsel in adjudication proceedings. Thaya has appeared as counsel in court annexed and private mediations.

Thaya was appointed as an adjudicator in the fifteenth adjudication registered under the Malaysian Construction Industry Payment and Adjudication Act 2012 and now regularly sits as an adjudicator. Thaya has been appointed as arbitrator in a variety of commercial disputes, including disputes arising from

building and engineering contracts, development agreements, hotel management agreements and joint venture agreements. Thaya also sits as a mediator in Kuala Lumpur and Singapore.

Thaya is the author of *Arbitration in Malaysia: A Commentary on the Malaysian Arbitration Act* published by Kluwer Law International in 2019. The reviews say 'This book is outstanding, and I would recommend it to all in the arbitration community' Dr Cyril Chern in Dispute Board Federation, 'There can be little doubt that this work will become one of the leading texts on the subject...a solid first edition' Gordon Blanke in *Arbitration: The International Journal of Arbitration, Mediation and Dispute Management*, and 'This book is both a valuable addition to the existing corpus of leading works on arbitration law and practice in Malaysia and an essential reference tool for arbitrators and practitioners alike' Robert Morgan in *Asian Dispute Review*. Thaya is an editor of *Construction Law International*, the magazine of the International Bar Association's International Construction Projects Committee.

Thaya was the Chair of the Chartered Institute of Arbitrators Malaysia Branch (2017-2019) and the President of the Society of Construction Law Malaysia (2016-2017).
